

TIME GROVE

Time Grove Ensemble is the ultimate blend of musicians at the highest caliber. Produced by Rejoicer and Nitai Hershkovits, TGE's debut album has both the simple story and the abstract in it, reaching distinctive soundscapes using familiar instrumentation.

The meeting point of freestyle jazz with electronics and groove is the premise for a new, singular creation. TGE gives life to folk melodies that reminds you of a place you've never been to and was always there.
