

ADI is a singer - producer from Tel Aviv. She creates her own unique beats and combines them with her brilliant R&B voice .

..' transforming it into clattering, MIA'esque POP' (The Guardian) .

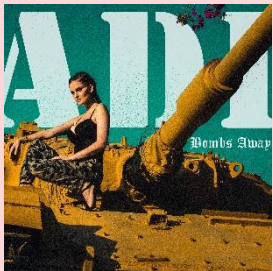

ADI is considered to be one of the biggest upcoming names in the Israeli music industry today, as her latest songs were placed in the biggest Israeli radio charts, especially 'Snow', her biggest hit that was released on April 2017 and became one of the biggest Israeli hits of 2017 .

Snow got to the Top 5 on the Israeli charts and TOP 10 on the MTV Israel charts, for the Most Viral videos. it also for to the TOP 10 of the Israeli Shazam charts.

ADI

In the last 6 months ADI has been working on producing her debut album in New York with a bunch of successful producers (like Supah Mario who produced for Drake and Young Thug). She already released her first single out of the debut album, called 'Bombs Away'. The single got amazing reviews from the press ("ADI's new single Bombs Away is a magical addictive song that will get stuck in your head for a long time'... , Mako, one of the

Many magazines are looking forward for her debut album, as she was listed as one of the 'badass female musician you must listen to' by Teen Vogue, and got big compliments from the German SPIGELE Magazine.

Magazines like The Guardian, Vice, Independent, Jay-Z's Life & Times, DJ Mag, Mixmag, Clash and many others are already excited about ADI.
